Christmas Bells

1. Hark the Christmas bells are ringing. On the starry midnight calm:
And the angels choir are singing.

2. Over mount, and hill and valley, Swift the songs celestial go;
Sweetly now we join the chorus.

3. Peace on earth, the choirs are singing. Float eth now the song afar;
And the air with joy is ringing, While with brightness shines the star.

4. Harp ing still the angels o'er us, Glory be to God on high;
Christmass bells, glad Christmass bells, Birth of Christ their chim ing
