Sound The High Praises

1. Sound the high praises of Jesus our King, He came and He conquer’d, His victory sing; Sing, for the pow’r of the tyrant is broken, The might of His word; In heaven He ascends and unfolds the glad story, The triumph’s complete over death and the grave; Vain is their boasting, Jesus proclaims Him self mighty to save.

2. Praise to the conqueror! Praise to the Lord, The enemy quail’d at the hosts of the blessed exult in His fame: In love He looks down from the throne of His glory, And rescues the ruin’d who trust in His name.
