Trust

1. Sometimes a long our journey here Our Father’s voice we scarce can hear;
   It seems that clouds His face do mask: “What shall we do?” we trembling ask:
   Just simply trust, Just simply trust.
   1. simply trust, we should trust.

2. When gloom increaseth day by day, Our souls until by heav’ly ray,
   When sweet communion with the Lord Has ceased, we cannot love His Word,
   Then we should trust, Then we should trust.
   2. we should trust, we should trust.

3. Yes, trust in every hour of need; In bondage trust, we shall be freed;
   He makes the crooked places straight, And opens ev’ry heavy gate,
   If we will trust, we will trust.
   3. we will trust, we will trust.
