Come And Follow Me

1. List, list to the Savior's voice, That calls so tenderly,
   "Come, make Me thy heart's best choice, O come, and follow Me."
   "Come, follow His just command, And walk in paths of light."

2. He leadeth with gentle hand, Thru pleasant pathways bright;
   "Come, enter the open gate, We own Thee Master now."
   "Hark! softly He calleth still, Yes, calleth one and all;
   No danger can e'er betide, While He shall go before;"

3. Come, Savior, no longer wait, Our hearts before Thee bow;
   "Thy presence shall lead us on, Illuminating all the way;
   Come, yield to His blessed will, Come, follow at His call.
   He ever will safely guide, Who loveth more and more."

Chorus

He is sweetly calling "Come, my child, and follow Me, I love thee well, Ever thy Guide I will be," Let us gladly follow, He will meet each need; Let us follow, trustingly follow wherever He may lead. may lead.
