Day By Day In Love And Favor

1. Day by day in love and favor
With my Savior would I grow;
Day by day of His compassion
More and more I long to know.

2. Day by day to Him who saves me
I would come by faith and prayer;
Nearer to His throne approaching,
I would leave my burden there.

3. Day by day with Him who leads me
I would hold communion sweet;
Then, with all the ransomed army,
Bow adoring at His feet.

Chorus

Day by day to my deliverer,
Him who died that I might live;
For His tender, loving kindness
All the glory would I give.
