Don’t Let You Light Burn Low

1. O would you be a blessing true, As on thru life you go? Be constant in God’s service here, Don’t let your light burn low.

2. The world is groping in despair, God’s love they do not know, So live to guide them to the right, Don’t let your light burn low. Don’t let your light burn low, burn low,

3. The loving Savior needs your aid, In letting sinners know, Salvation’s free, who will may come, Don’t let your light burn low. Be constant in God’s service here, Don’t let your light burn low.

Chorus
