God Bless My Boy

1. When shining stars their vig-ils keep,
   And all the world is hushed in sleep,
   'Tis then I breathe this pray'r so deep,

2. I know not where his head may lie,
   Per-chance beneath the open sky,
   But this I ween God's watch-ful eye

3. As pass the days, the months and years,
   With all the change, the hopes and fears,
   God make each step of duty clear,

4. And when at last his work is o'er,
   And earthly toil shall be no more,
   May an-gels guide him to the shore

God Bless My Boy

God bless my boy to-night.
Can see my boy to-night.
And keep his honor bright.
Where there shall be no night.

God bless my boy, oh,
bless my boy, And keep his footsteps right;
God bless my boy, Oh, bless my boy, God save my boy to-night.

Oh, bless to-night.
