Hosanna

1. Hosanna to Jesus, our Savior and King,
   His cross and His triumph we joyfully sing;
   With hearts and with voices together we'll raise,
   A chorus of high-sounding notes to His praise.

2. For Jesus is worthy all praise to receive,
   He came in His mercy our woes to relieve,
   He died to redeem us from sin and from hell,
   That we with the angels in glory might dwell.

3. For us He was tortured, and wounded, and slain,
   For us He was subject to anguish and pain;
   In love and compassion He poured out His blood,
   And laid down His life a rich ransom to God.

4. Hosanna, hosanna to Jesus on high,
   Exalted He reigns far above the bright sky;
   There elders with joy cast their crowns at His feet,
   And seraphs with rapture His praises repeat.
