Lift Me Higher

1. Lift me higher, blessed Master, Higher still into the light,
   Up above the fearful shadows Of earth's sin and gloom and night.
   Higher, Savior, Nearer to Thy pierced side.
   With Thy loving arms about me, Let me evermore abide.

2. Hold me closer, blessed Master, in a firm and fond embrace,
   Let no shadows pass between me And the glory of Thy face.
   Lift me higher, blessed Savior,
   With Thy loving arms about me, Let me evermore abide.

3. Make me purer, blessed Master, Pure in purpose, deed and heart,
   May the purity of Jesus Of my own life form a part.
   Make me purer, blessed Savior,
   With Thy loving arms about me, Let me evermore abide.
