Sitting at the Feet of Jesus

1. Sitting at the feet of Jesus, Watching, waiting every day; Trusting
   in His grace and power, Safe to keep me all the way.
2. Listening at the feet of Jesus, His command to go or stay; Trusting
   always in His wisdom, Safe to guide when I obey. Sit-ting at the feet of
   evening shadows gathering, Find me there when day is done.
3. Seeking still the feet of Jesus, I would seek no other place; For 'tis
   there I claim the promise Of the fullness of His grace.
4. When the toils of life are over, When my race on earth is run; May the
   Jesus, Where I love to kneel and pray, Til His goodness and His glory,
